

## 13. PETITIONS

### **PROPOSED RECONSTRUCTION PROSSERS ROAD/WADES AVENUE JUNCTION**

The Committee considered a petition signed by 73 residents of this area requesting that consideration be given to the provision of underground wiring, street trees, traffic calming and a ban on heavy trucks as part of the redevelopment of these two streets, which had been referred from the February Council meeting.

It was agreed that the City Streets Manager report to the next meeting of the Committee on whether any of this work could possibly be funded by substitution, whether it was practical in terms of time scale and the issue of inconvenience, costs and other matters raised in the petition.
