

2. DEPUTATIONS BY APPOINTMENT

Mr Patrick O'Connor (PEETO) and Cecelia Guridi provided a Powerpoint presentation on the establishment of "Everybody's Cultural Centre", a facility and focal point within the central city for all cultural groups.

It was noted at the 1996 census that approximately 158 different cultural groups were now established within Christchurch City and this figure was expected to increase to 200 following the 2001 census.

It was noted that a funding bid had been submitted through the Council's 2001/02 Annual Plan process for consideration.
