

7. NORTH EAST RURAL RESEARCH

The Board received a report of the Working Party held on 14 February 2001 to review the recommendations of the North East Rural Research. The Chairperson requested that Environment Canterbury be asked for a report to the Board on water quality at the Groynes and any resource consents or extensions that have been granted for discharge to the Waimakariri River upstream of Kainga and Brooklands.

The Board **resolved**:

1. That the recommendations of the Working Party be adopted.
2. That the North East Rural Research Working Party be appointed as a committee of the Board, comprising Dennis Hills, Sally Thompson, Yvonne Palmer and Myra Barry.
