

9. BOARD CONSULTATION WITH THE COMMUNITY

The Board **received** a report summarising separate meetings held during March 2001 between the Board, residents' groups, Police, Rangī Ruru Girls' School and Burnside High School. A number of agreed action points arising from the meetings are to be followed up by the staff.

The Board also **decided** to recommend to the Council's Community Services Committee that the existing Limited Service Volunteer Scheme be evaluated with a view to if needed, a submission being made to Government, seeking a "freeing up" of the eligibility criteria.
