

5. **PROPOSED NAME CHANGE AND NEW RIGHT OF WAY NAME**

The Board considered a report referring back to the Board, by the Council, a proposed change of name previously recommended on 31 January 2001 of the eastern portion of *Major Hornbrook Road* to *Signal Hill Road*.

The Board **decided** to recommend to the Environment Committee that the change of name to Major Hornbrook Road (Upper) be approved for the eastern portion of Major Hornbrook Road, being that part of Major Hornbrook Road commencing at Mt Pleasant Road heading westward for approximately two hundred and thirty five metres, until the gap between the two sections is ultimately closed, at which time the name can revert to Major Hornbrook Road.

The Board requested that the officers report back outlining the process for proposed changes of road names.
