

8. **RICCARTON/WIGRAM WORKS AND TRAFFIC COMMITTEE - REPORT OF 20 APRIL 2001 MEETING**

The Board was in receipt of the report of the Works and Traffic Committee meeting of 20 April 2001.

Various issues were discussed:

1. **LOCAL TRAFFIC MANAGEMENT PROJECTS, PUBLICITY PAMPHLETS**

It was noted that the publicity pamphlets for three Board-funded projects will shortly be available from the City Streets Unit, inviting community comment.

The three projects are:

- Piko Crescent platform
- Wales Street platform
- Peer Street pedestrian refuge

There was some discussion on the need to adequately illuminate the pedestrian refuges, either by lighting or higher standard of reflection devices.

2. **HORNBY HEI HEI HEAVY VEHICLE STUDY UPDATE**

Members noted that the City Services Committee was scheduling a special meeting to progress this issue, scheduled for 30 April 2001.

The Board **agreed** to:

- (a) Accept the proposal, as being promoted by the City Streets Unit, as Stage 1 of a three stage process for the Hornby Hei Hei heavy commercial vehicle study.
- (b) Seek urgent upgrading of both end intersections of Pound Road (being Pound/Yaldhurst and Pound/Waterloo) that would result in a major reduction in heavy vehicle traffic at the intersection of Roberts/Gilberthorpes Roads.

A third recommendation seeking Community Board invitation to the 30 April meeting was accepted by the Chairperson of the City Services Committee; the Board's Chairperson and members of the Board's Works and Traffic Committee being invited to attend.

3. **CITY STREETS LIVING STREETS CHARTER PRESENTATION**

Set down for the next meeting of this Committee, Friday 18 May 2001.

Two matters relating to the Western Bus Service Review are recorded as clauses 15 and 16 of this Board report.

The Board **received** the report.
