

17. DRAFT FINANCIAL PLAN AND PROGRAMME 2002 EDITION

The Community Advocate reported on the 2002 Edition of the Draft Financial Programme and issues that need to be raised through the submission process.

Sally Thompson advised that positive submissions on the Youth Facility should be made by Board members and other interested parties.

The Area Engineer advised that there may be some funding available for the purchase of a Neighbourhood Park at Morrison Avenue, and for some traffic works in Papanui associated with the Sissons Road developments.

The Board **resolved** that members advise the Community Advocate of any other items for inclusion in a submission and that the Chairperson attend the Annual Plan Working Party meeting to speak to the submission.
