

## 7. COLOMBO BOULEVARD CONCEPT

The Board considered a draft concept plan for the enhancement of that part of Colombo Street between Brougham Street and Moorhouse Avenue. The aim of the plan is to identify opportunities and ideas for improving the historic part of Sydenham's shopping environment with a view to maintaining and enhancing its vitality.

The Board **resolved** to support the draft concept plan, provided the suggested amendments were taken into consideration prior to the plan being circulated for public comment.
