

## 12. CAPITAL ENDOWMENT FUND - PUBLIC CONSULTATION

The Committee finalised the arrangements for hearing public submissions on the Council's proposal for the disposition of the Council's share of funds from the sale of Orion's North Island gas network.

The Committee **decided**:

1. That submissions on the use of the Orion capital repatriation be heard on 25 and (if necessary) 26 June.
2. That submitters making multiple submissions be offered the option of dealing with the Orion capital repatriation issue as part of their general submission.
