

3. LONG TERM COUNCIL COMMUNITY PLAN

The Strategic Adviser briefed Board members on the requirements for preparing Long Term Council Community Plans proposed by the Local Government Bill now before Parliament, and advised members on the steps that would need to be taken. The Board **decided:**

1. That the Chairperson and two Community Board members work with the Community Advocate to formulate a suitable programme for collaborating with the Burwood/Pegasus community.
2. That after collaborating with the community the Board make its views on community outcomes and priorities known to the Council by March 2003 (at the earliest).
