

1. BLIGHS ROAD RAILWAY CROSSING – CYCLE AND PEDESTRIAN SIGNALS

The approval of both the Fendalton/Waimairi and Shirley/Papanui Community Boards was sought to extend the consultation process for the cycle and pedestrian signal project at the Blighs Road Railway Crossing.

The Board **decided** to support extending the consultation process and further that if no significant issues arose in the wider consultation undertaken, then the project proceed to finalising the design drawings, tender and construction.
