

12. GLOUCESTER STREET P5 LOADING ZONE

The Committee considered a report seeking approval to create two new P5 Loading Zones on the southern side of Gloucester Street, east of Manchester Street.

It is intended to provide the Loading Zones to allow for pick ups and deliveries to be made to businesses and a medical clinic in this locality and it is anticipated that their provision will overcome the current problems with vehicles double parking and blocking traffic lanes.

The Committee **resolved**:

1. That two Loading Zones with a time limit of 5 minutes be created on the southern side of Gloucester Street commencing at a point 35 metres from Manchester Street and proceeding in an easterly direction for 12 metres.
2. That the two existing P60 metered parking spaces in the above described area be revoked.
