

6. WASTEWATER STRATEGIC MANAGEMENT PLAN - PROGRESS

The Committee considered a report from Andrew Nichols, Asset Management Planner, City Water and Waste Unit informing the Committee of the progress made to date in the preparation of the Wastewater Strategic Management Plan.

The Committee **decided**:

1. That the programme of work discussed in the report be adopted.
2. That the timeline be amended to take account of the following additional steps:
 - (i) Between steps four and five there be an additional presentation to the Sustainable Transport and Utilities Committee, and
 - (ii) Between steps six and seven the modifications be reported back to the Sustainable Transport and Utilities Committee together with the hearing of any deputations arising from the public consultation.
