

2. DEPUTATION BY APPOINTMENT

OWLES TERRACE

Andrew Livingston from the Project Employment and Environmental Enhancement Programme was in attendance concerning the Trust's base at the Owles Terrace yard site. He thanked the Board for considering the interests of user groups in relation to proposals for future use of the site. Ideally, the Trust would prefer to remain at Owles Terrace, which is well located and allows room for possible expansion.

The Board's decision is recorded under Part B, clause 8 of this report.
