

## 5. COMMUNITY BOARD PLANNING STATEMENTS – KEY ISSUES

The Committee considered a report from the Community Relations Manager (Stephen Phillips) which signalled key issues of interest to the Committee.

Mr Phillips spoke to the report and responded to questions.

The Committee **received** the report and **decided** that the key issues as identified by Community Boards be referred to the relevant Units for consideration when preparing their sections of the Draft Annual Plan and that Unit comments be reported to the Annual Plan Subcommittee when it meets to consider draft budgets, and also to the respective Community Boards.
