

## 12. COMMUNITY BOARD PLANNING STATEMENTS – KEY ISSUES

The Committee received a report from Stephen Phillips, Community Relations Manager placing before the Committee the key issues identified by Community Boards through their respective planning processes.

Planning statements were provided from each Community Board on:

- (1) Part A - Key Issues,
- (2) Part B – Project Substitutions and Proposals.

The Committee considered the Planning Statements provided by each Board, and **decided** that:

1. The key issues identified by the Community Boards be referred to the relevant Units for consideration when preparing their sections of the Draft Annual Plan.
2. That Unit comments be reported to the Sustainable Transport and Utilities Committee as part of its Annual Plan consideration and then to the Annual Plan Subcommittee when it meets to consider draft budgets, and to the respective Community Boards.
