

1. DEPUTATIONS BY APPOINTMENT

1.3 Hamilton Avenue – Upgrading

Submissions were presented by street residents, Sir Lawrence Govan and Terry Donaldson, expressing a range of concerns about the condition of the kerbs and channels in Hamilton Avenue and requesting the early inclusion of an upgrade of the street in the Council's Capital Works Programme.

The Board **decided** that the residents' submissions requesting the upgrading of Hamilton Avenue be referred to the Board's Finance and Planning Committee along with a report from officers addressing the issues raised and possible solutions; and further that along with those of the Board, the residents' be encouraged to make their own submissions to the Council's next draft Financial Plan.
