

3. DEPUTATIONS BY APPOINTMENT

3.1 Chris Challies, Siting of Toilets in Godley Head

Chris Challies addressed the Board about the siting of a toilet block at Boulder Bay. This relates to clause 7.

Mr Challies requested that the decision to build a toilet at Boulder Bay, Godley Head Farm Park, be delayed until several public use issues are resolved. Mr Challies noted that a decision is pending from the Environment Court which may have a bearing on the use of Boulder Bay. He would prefer that the Board waited until the decision of the Environment Court has been released and then the issue of siting the toilet could be reconsidered. If it is deemed that a toilet is required he would prefer site 2 as identified in clause 16 of the Hagley/Ferrymead Community Board agenda.
