

1. DEPUTATIONS BY APPOINTMENT

(d) Mr & Mrs Trevor Hinkley, Oak Trees, James Condon Park

Trevor Hinkley spoke about the effects and damage the oak trees caused to his property next to James Condon Park. He submitted photos showing how the gum from the trees have damaged and blackened the roof of the garage on his property. The photos also show how one of the trees hangs over the boundary fence. The presence of the trees has created significant nuisance to the lifestyle of the property owners as considerable time is invested in cleaning the debris of leaves, acorns, and gum from the section, roof, and vehicles. Mr Hinkley estimated the cost of repairs to the spouting and property amounted to thousands of dollars. Mr and Mrs Hinkley request that the trees be removed, as they are the cause of considerable nuisance and damage.

This matter is covered under Clause 20.
