

9. CHRISTCHURCH ROAD SAFETY CO-ORDINATING COMMITTEE

The Committee received the report of the March meeting of the Christchurch Road Safety Co-ordinating Committee which provided information on the meeting and recent education and awareness campaigns.

The Committee received the information and **decided** that the Subcommittee be requested to give consideration in its budget for the new financial year to the issue of education for older drivers on the use of flush medians, roundabouts, cycle lanes, the appropriate time to relinquish driving and the alternative transport options then available.
