

4. HALSWELL PONY CLUB RELOCATION AND CLUBROOMS

The Board considered a report by the Parks and Waterways Manager asking the Board to support a recommendation to be submitted to the Parks, Gardens and Waterways Committee that approval be granted for the Canterbury Agricultural and Pastoral Association to sub-lease 200 square metres of their existing leased area on Canterbury Park to the Halswell Pony Club, to allow the club to relocate to Canterbury Park from Halswell Domain, and construct a small clubroom facility and storage area thereon. The report also sought the Board's support for a recommendation that the club be allowed to erect and maintain "jumps" in various locations around the park.

The Board **decided** to recommend to the Parks, Gardens and Waterways Committee that the proposed sub-lease be approved, subject to the conditions set out in the report.
