

7. CYCLE MARKINGS AT SIGNALISED INTERSECTIONS

The Committee considered a report from Alix Newman, Project Leader, City Streets Unit on the findings of a research project on the use, safety and effectiveness of cycle lane and box markings at intersections.

The Committee **decided**:

1. That the information be received.
2. That the Council continue to mark advanced cycle lanes (ACL) and advance stop boxes (ASB) on cycle routes and at intersection upgrades.
3. That the recommendation in the report concerning design review, promotion and adoption, further investigation of coloured surfacing and collision weight assessments be implemented.
