

9. **LICHFIELD/TUAM STREET SWAP**

The Committee **received** a report from Sam Kutrolli, City Streets Unit, providing an update on the Lichfield/Tuam Street One Way Swap project.

The report was considered in association with clause 16 of the Agenda, relating to the hearing of oral submissions. The report provided details of the submissions received to date and the main issues of concern identified in those submissions and provided details of the further studies being undertaken in respect to traffic stimulation models of the Lichfield/Tuam and St Asaph areas and the effects of the proposed swap outside the transport system.

The Committee **received** the information.
