

2. PEOPLE + PLACES + SPACES: A DESIGN GUIDE FOR URBAN NEW ZEALAND

The Committee considered a report on a recent Ministry for the Environment publication and an associated urban design workshop entitled 'People + Places + Spaces: A Design Guide for Urban New Zealand'.

The purpose of the guide is 'to give all people interested in more liveable and prosperous urban areas – professionals, Councillors, business people and the wider community – a taste of what urban design is and how to achieve better urban design'.

The Committee **decided**:

- (1) That Kobus Mentz or the co-author of the report, David Mead, be invited to Christchurch to conduct a workshop for members of the Urban Planning and Growth Special Committee and other interested Councillors and Community Board members.
- (2) That staff develop a costed programme to bring Kobus Mentz to Christchurch to conduct a seminar on Urban Design and other Urban Design related work for elected members.
