

2. FROSTS ROAD: WALKING/CYCLING FACILITY

A report from the Traffic Engineer (Community) and the Ecologist, Parks and Waterways Unit, informed the Board of investigations into the possibility of providing off road walking/cycling facilities along Frosts Road. The Board **decided:**

1. That the information be received.
2. That the Board request the City Streets Unit to place a very high priority on installing a cycle path on the eastern side of Frosts Road.
