

4. DEPUTATIONS BY APPOINTMENT

4.6 Graham Reddell – Richmond Neighbourhood Cottage

David Cox withdrew from the meeting for consideration of this clause.

Graham Reddell from the Richmond Neighbourhood Cottage addressed the Board on developments relating to the Periodic Detention Centre at Stanmore Road. He noted that on 12 December Councillor O'Rourke gave notice that he intended to move a notice of motion for consideration at the February meeting of the Council, that the Council urgently initiate a variation to the City Plan to make it clear that Periodic Detention Centres are not permitted activities in Business 1 zones.

He asked the Board to support the Notice of Motion to vary the City Plan.

He advised that the Richmond Neighbourhood Cottage had their request for funding support turned down by the Ministry for the Environment. The Cottage has since withdrawn their action.

The Board **decided** to support the notice of motion proposed by Cr O'Rourke and suggested an amendment to the motion to include any future definition of periodic detention centres to take any changes.
