

#### **4. DEPUTATIONS BY APPOINTMENT**

##### **4.8 Time of Board Meeting**

Ralph Ross, from Christchurch Combined Residents' Association and Chris Lee from the Englefield Residents' Association addressed the Board about the change of time of Board meetings. They raised concerns that a change to a 10.00am start would make it difficult for representatives from residents groups to be able to attend board meetings.

They had been approached by a number of people to raise this issue as a 10.00am start for board meetings, will make it more difficult for residents groups and the public to attend.

They asked the Board to give urgent consideration to reversing the meeting time.

The Chairperson noted that the Board, when it made the decision to change the start time of Board meetings gave an undertaking to review the time at a later date.
