1. ENVIRONMENT CANTERBURY'S PROPOSALS FOR AN AIR PLAN FOR CANTERBURY

The Council considered a report by the Director of Policy on the proposals of Environment Canterbury to address the poor wintertime air quality in Christchurch, and an associated review of ECan's proposals prepared by Dr Janice Wright.

Dr Neil Cherry then addressed the Council regarding the proposals in his capacity as an elected member of ECan, and answered a number of questions from Councillors.

It was **resolved** that a seminar meeting or meetings of all Councillors be held to further consider all implications of the draft air plan, before the Council formally responds to ECan regarding the current proposals.
