

## 5. ARTWORKS IN PUBLIC PLACES POLICY

The Board was in receipt of a report on the findings of the review of the Art in Public Places Policy and the possible adoption of a new policy.

The Council's existing Art in Public Places Policy was established in 1993. A review of the policy was initiated by the Environment Committee in the last term of Council

The aim of the review was as follows:

*'To review the Art in Public Places Policy with a view to identifying the most effective means to enable and encourage the development and care of arts in the public domain in keeping with the currently being developed Arts Policy and Strategy.'*

The review of the Art in Public Places Policy has been completed following internal and external consultation. A new Artworks in Public Places Policy is proposed

The Community Board was pleased to receive the draft and, accordingly, **agreed** to support the adoption of the proposed new policy.
