

4. HERITAGE UPDATE REPORT

A report from the Policy Leader and Senior Planner Urban Design Heritage updated heritage issues and the heritage risk assessment programme.

The Committee **decided** that:

1. A report be sought from the Property Unit on those heritage listed buildings in the Council's property portfolio which could be considered for possible sale, indicating those properties which could be sold freehold and those which could be sold and leased back by the Council.
2. A report be prepared updating the information regarding the future of the Fleming and McKellar houses in Park Terrace.
