

## 2. COMMUNITY GARDEN CHAMPION

A report from the Sustainable Christchurch Leader recommended the nomination of a Community Garden Champion(s) to support and promote community gardening in the Community Board area and its integration with other Board initiatives. The Board **decided:**

1. That Bob Andrews and Carmen Hammond be appointed as Community Garden Champions for Burwood/Pegasus, with Caroline Kellaway as an alternate.
2. That residents' associations be notified of the assistance available to establish and foster community gardens.
3. That the Board seeks assistance from the City Streets Unit and the Parks and Waterways Unit to identify land suitable for community gardens in Burwood/Pegasus.
