

3. NEW BRIGHTON ROAD: BOWER AVENUE TO PAGES ROAD

A report from the Project Manager and Area Engineer advised the Board of the proposal for kerb and channel renewal in New Brighton Road between Bower Avenue and Pages Road. The Board **decided:**

1. That the information be received.
2. That a summary of feedback from the publicity leaflet on the proposal for kerb and channel renewal in New Brighton Road between Bower Avenue and Pages Road be reported back to the Board.
3. That a report be provided to the earliest possible Board meeting on the decision not to proceed with the proposal to construct new kerb and channel and paths (as shown on the publicity plan) along some sections on the southern side of New Brighton Road between Avondale and Wainoni Roads.
