

## 8. RESIDENTS' ASSOCIATIONS

### GOLF LINKS RESIDENTS' ASSOCIATION

**Janet Begg** was in attendance to suggest that the Board consider holding its meetings at the Civic Offices until dedicated, integrated accommodation is arranged for the Community Board and staff. She considered that this would be cost effective and still convenient for members of the community to attend.

The Board **decided** that a Board accommodation item be included in the agenda for the next Board meeting and that Board members informally seek the views of residents' groups on the option of holding Board meetings at Civic Offices.
