

#### 4. KATE VALLEY SUBMISSION

Members considered a report from Zefanja Potgieter, Resource Planner Solid Waste, Christchurch City Council, seeking agreement to finalise the process for a submission in support of the resource consent applications for the Kate Valley regional landfill.

The Subcommittee had on 14 May 2002 previously resolved:

1. *That Buddle Findlay be requested to prepare a submission as proposed.*
2. *That a copy of the submission be provided to all shareholder councils prior to adoption and lodgement by the Subcommittee.*

In view of the fact that the draft submission had only recently been received from Buddle Findlay and was still being considered by shareholder councils, approval to convene a special meeting of the Subcommittee to finalise the submission was sought.

The Subcommittee **resolved** that a special meeting be convened for 12 noon on Thursday 25 July 2002 to finalise the Kate Valley submission.
