

2. **PROPOSAL FOR AN INDOOR MULTI USE EQUESTRIAN FACILITY AT  
CANTERBURY PARK PLUS ASSOCIATED HORSE GRAZING AND RIDE-OUT ACCESS  
FOR CHRISTCHURCH RIDING FOR THE DISABLED**

The Parks and Waterways Manager had sought comment from the Board (and the Spreydon/Heathcote Community Board) on an application from Christchurch Riding for the Disabled (CRDA) to lease approximately 6,300 square metres of the recently acquired Canterbury Park (formerly the A&P showgrounds site) prior to the report going to the Parks Gardens and Waterways Committee for approval. Part of the leased area will be used to construct an 80 metre by 50 metre (4,000 square metres) indoor arena with the remaining area adjacent to the A&P stables being divided up into a number of smaller holding pens for the horses.

The Board **received** the report and expressed its support for the proposal, noting that the Council's decision would be made following a report by the Parks, Gardens and Waterways Committee.
