

7. CHRISTCHURCH ROAD SAFETY CO-ORDINATING COMMITTEE

The Committee received a report by the Road Safety Co-ordinator on the last meeting of the Subcommittee which provided information on recent education and awareness campaigns and the new system of reporting at Subcommittee meetings based on the Road Safety Strategy.

The Committee **received** the information and requested that a more formal reporting system be introduced by the Subcommittee on the implementation of the Road Safety Strategy. The Subcommittee should detail the steps it proposes to take and time frames and report back commencing from September 2002. Members noted that there would be a seminar for the committee on the safety strategy on 18 July 2002.
