

5. CHRISTCHURCH PUBLIC HEALTH STRATEGY

Members of the Healthy Christchurch Project Team advised the Community Board of the development process for the Public Health Charter and Strategy for Christchurch. The Board **decided:**

1. That the information be received.
2. That the Board provide feedback to the Healthy Christchurch Steering Group regarding the initiative and health priorities.
3. That the Board express particular interest in consultation and partnerships in the following areas:
 - Low cost medical care.
 - Parent education.
 - Road, cycle and pedestrian safety.
 - Fitness and exercise for the aging population.
 - Air pollution.
 - Mental health care.
 - Employment - relationship between warmer houses and employment.
4. That the Board highlight the requests made to the Aranui Community Renewal for comprehensive medical provision in Aranui.
