

17. ROTHESAY RECREATION CORRIDOR

A report from the Parks and Waterways Planner sought a decision regarding treatment of the poplar trees bounding Bottle Lake Forest Park along Rothesay Road. The Board **resolved**:

1. That the Board request the Selwyn Plantation Board to retain the poplar trees facing Willoughby Lane and remove the trees from Milcroft Avenue to Broadhaven Park.
2. That the area where the poplar trees have already been removed and where trees will be removed be planted in accordance with the Rothesay Recreation Corridor Landscape Proposal as funding becomes available.
3. That the Board seek funding for the Rothesay Recreation Corridor Landscape Proposal Plan in its submission on the Council's draft Annual Plan 2002/03.
