

## 5. WEKA STREET – KERB AND DISH CHANNEL RENEWAL

The Board was asked to approve for construction the renewal of the dish channels on both sides of Weka Street from Straven Road to Tui Street but subject to undergrounding issues being resolved.

The Area Engineer reported on the responses from the local residents to the previously circulated publicity pamphlet and of the intentions to now change some aspects of the project as a result of the feedback received.

The Board **decided**:

1. That the renewal of the dish channel in Weka Street between Straven Road and Tui Street as shown on the submitted plan, be approved for construction.
2. That the work be put on hold until the undergrounding of the overhead wiring is resolved.
