

#### 4. ENGLISH PARK REDEVELOPMENT: PROGRESS REPORT

The Committee **received** a report from Kevin Mara (City Solutions) on progress with the English Park redevelopment project.

He advised that the construction was now complete, with the pavilion and all the hard landscaping works having been completed in accordance with the contract documents. Work on the development of the pitch would continue over the next two months. He advised that the project had been completed on time and under budget, with the contractor having been granted an extension of five working days as a result of wet weather.

Members of the Committee requested the staff involved with this project to pursue the possible landscaping of the site with more colourful evergreen and deciduous flowering trees and shrubs, in full or partial replacement of the existing native grasses and flaxes.
