

7. HENDERSONS BASIN FLOOD PLAN MANAGEMENT – HENDERSONS ROAD PURCHASE

The Board considered a report by the Parks and Waterways Manager regarding the proposed purchase of a low lying rural property in Hendersons Basin, as part of a long-term strategic plan for wise resource management in south-west Christchurch. The report was referred to the Board for comment, prior to consideration by the Parks, Gardens and Waterways Committee.

The Board **received** the report and **decided** to advise the Parks, Gardens and Waterways Committee that it supported the acquisition of this property on the basis proposed by the officers.
