

16. NATIVE TREES

The Chairman of Native Trees informed the Community Boards of the outcome of the Native Trees Please! Millennium Project and sought additional funding for information panels and ongoing support for each site in the respective Board areas. The Board **resolved:**

1. That the information be received.
2. That subject to all details including costs of the interpretation panels proposed for each site being satisfactory to each Board, the installation of these be approved and up to \$1,500 be allocated from the Board's 2001/02 Discretionary funds for an interpretation panel for the Travis Wetland.
