

## 2. DEPUTATIONS BY APPOINTMENT

### 2.1 New Zealand Police

Inspector Graham Cairns updated the Board on the latest crime statistics for the Papanui Police District along with information on two recent road fatalities on McLeans Island Road and Clyde Road.

Local police were involved with the Royal visit and ongoing liaison on security matters was occurring with Deep Freeze at the airport where police numbers had recently been increased. The Police volunteers were continuing to provide a valuable support service and the local community watch was also operating well with good numbers of volunteers. Police had attended and taken action to disperse the large gathering of young people that had recently occurred at Elmwood Park.

Members asked a number of questions of Inspector Cairns on the above matters and the Chairman thanked him for his presentation of information.
