

## 1. DEPUTATIONS BY APPOINTMENT

### (a) Rosemary Booth, Terry Roberts, Kidsfirst Kindergarten, Belfast

Terry Roberts spoke to the Board regarding the adventure playground being built at the kindergarten. It is the final major project that the kindergarten is undertaking since it was built eight years ago. They have raised \$5,000 so far, and an estimate for the work is \$15,000. The Management Committee has applied for funding to Pub Charities and the Community Trust, but will not know the outcome until the end of March 2002 (Pub Charities) and September 2002 (Community Trust). They would like to finish the work earlier than that. Rosemary also advised that building the playground is not the responsibility of the Kindergarten Association.

The Chairperson requested a staff report to the April Board meeting regarding this request for funding.
