

13. CRACROFT RESERVE – PROPOSED TOILET BLOCK

The Parks and Waterways Area Advocate reported on the proposed siting and design of the new toilet block at Cracroft Reserve and the future of the existing toilet block and site on the corner of Hackthorne Road and Takahe Drive.

The Board **resolved**:

1. That a new toilet block be constructed on the site of the existing green storage shed in Cracroft Reserve, next to the Hackthorne Road entrance, subject to all necessary approvals (including Historic Places Trust) and consents being obtained.
2. To install a new drinking fountain with a dog bowl next to the new toilet block.
3. To support the design to be in keeping with the Safer Parks Policy and to incorporate a family room and storage facilities.
4. To support a gate closing contract being entered into for the opening and closing of the toilet block in Cracroft Reserve.
5. To support the demolition of the existing toilet block on the corner of Takahe Drive and Hackthorne Road, once the new toilet block is operating, and the site being prepared for landscaping.
6. To approve a landscape plan being developed and distributed for comment for the existing site prior to any work being undertaken.
