

## 5. DOMAIN TERRACE – PROPOSED TRAFFIC CALMING

A report requesting approval for the distribution of a publicity leaflet showing proposed traffic calming measures in Domain Terrace between Lincoln Road and Cobham Street was considered.

The Board **decided** that the report be considered further by its Transport Committee and that it take into account the following suggestions:

- (a) Clarification of the moratorium regarding traffic humps.
- (b) Costings of alternatives to traffic humps be obtained.
- (c) The speed trailer be sited in Domain Terrace for an appropriate period.
