

#### 14. BUCKLEYS ROAD PROJECTS - SUBSTITUTION

The Committee gave consideration to a request from the Sustainable Transport and Utilities Committee to reallocate the funding for the following two projects in Buckleys Road to the Milnes/Sparks/Sutherland Roads realignment project which has increased in cost from \$163,200 to \$240,000:

1. Buckleys Road/Kerrs Road Traffic Signals: Pedestrian Crossing Extension - \$30,000 budgeted
2. Buckleys Road at Eastgate Mall: Pedestrian Traffic Signals - \$50,000 budgeted

The above substitution was supported by the Hagley/Ferrymead Community Board at its meeting on 30 January 2002.

The Committee **resolved**:

1. That the following projects be deleted from the 2001/02 Annual Plan:

Buckleys/Kerrs pedestrian signals	\$30,000
Eastgate pedestrian signals	\$50,000

2. That the budget amounts for these two projects be transferred to the Milnes/Sparks/Sutherland realignment project.
