

## 2. ASSET MANAGEMENT PLANNING FOR WATER SUPPLY AND WASTEWATER

The Committee considered a report from Bruce Henderson, City Water and Waste Unit, on the findings of an external review of Water Supply and Wastewater Asset Management Plans.

The report detailed the background to asset management plans, the findings of the external audit undertaken by Meritec Ltd and the outcome of the review.

The Committee **decided** to support the commitment to raise the standard of asset management across all the Council's main asset areas over the next three years.
