

14. RECONSIDERATION OF BUDGETS

The Committee took the opportunity at the conclusion of the Committee's normal business to further consider the request from the Annual Plan Subcommittee for it to reconsider those budgets for which it was responsible.

The budgets for the:

- Parking Operations Unit
- City Water and Waste Unit
- City Streets Unit

were further considered in accordance with the guidelines suggested by the Annual Plan Subcommittee and, in association with the two further supplementary reports relating to Licensing of Hardfill Sites and Resident Purchased Refuse Bags and the recommendations of the Committee, were reported separately to the Annual Plan Subcommittee for further consideration.
