

2. DEPUTATIONS BY APPOINTMENT

(c) Mrs Bell - 46 Dee Street

Mrs Bell spoke to the Board regarding her son's tenanted property at 46 Dee Street. She requested that the street tree be removed as it obstructs up to one metre of the driveway and is causing cracking in the pavement. She stated there was a lack of visibility for vehicles driving in and out of the driveway. She advised that it looks like other trees in the street have been removed. She said removal of the small wall would be helpful but that the owner of the neighbouring property lived in Nelson.

This matter is covered under clause 7.
